Trina Solar Named Fastest-Growing Company in Deloitte Technology Fast 50 China 2007

PR Newswire

November 02, 2007: 09:00 AM EST

CHANGZHOU, China, Nov. 2 /Xinhua-PRNewswire-FirstCall/ -- Trina Solar Limited ("Trina Solar" or the "Company"), a leading integrated manufacturer of solar photovoltaic products from the production of ingots, wafers and cells to the assembly of PV modules founded in 1997, announced today that it has been ranked #1 in the prestigious "Deloitte Technology Fast 50 China 2007" program.

The Deloitte Technology Fast 50 China program focuses on the technology, media and telecommunication (TMT) industry, ranking the fastest-growing technology companies in China based on their revenue growth over the past three years.

"We are delighted to be named the fastest growing company in the Deloitte Technology Fast 50 China 2007," said Jifan Gao, Chairman and CEO of Trina Solar. "It is an honor to be named among this prestigious group of noteworthy companies in China and is a reaffirmation of our commitment to establish Trina Solar as a leader in the global solar PV industry."

"The Deloitte Technology Fast 50 China program recognizes and honors the fastest growing Chinese technology companies whose leaders have the vision and determination to deliver exemplary performance in an increasingly competitive global technology marketplace," Mr. Charles Yen, National Leader of Deloitte China's TMT Group said. "Trina Solar's remarkable growth puts it at the forefront of its competition and we at Deloitte congratulate Trina Solar for its accomplishments."

Winners of Deloitte Technology Fast 50 China program will automatically qualify for participation in the Deloitte Technology Fast 500 Asia Pacific 2007 program, which annually recognizes the 500 fastest growing technology companies in the Asia Pacific region.

About Deloitte Technology Fast 500 Asia Pacific

The Deloitte Technology Fast 500 Asia Pacific program is the region's most objective industry-ranking standard to focus on the technology field. The Asia Pacific program was launched in 2002 to recognize the effort and dedication of the 500 fastest-growing technology companies in Asia Pacific and includes all areas of technology, from Internet to biotechnology, from medical and scientific to computers/hardware. It includes both public and private companies. Details of the winning companies will be available at <http://www.deloitte.com/fast500asiapac> after the award ceremony, or please contact us, if you need information in advance.

About Trina Solar Limited

Trina Solar Limited, through its wholly-owned subsidiary Changzhou Trina Solar Energy Co. Ltd, is a well recognized manufacturer of high quality modules and has a long history as a solar PV pioneer since it was founded in 1997 as a system installation company. Trina Solar is currently one of the few PV manufacturers that has developed a vertically integrated business model from the production of monocrystalline ingots, wafers and cells to the assembly of high quality modules. This integrated value chain helps to ensure that high quality products can be delivered to its end customers around the globe, including a number of European countries, such as Germany, Spain and Italy. Trina Solar's solar modules provide reliable and environmentally-friendly electric power for residential, commercial, industrial and other applications worldwide. Trina Solar successfully completed its initial public offering on the New York Stock Exchange in December 2006 and its ADSs are traded under the ticker symbol TSL. For further information, please visit Trina Solar's website at <http://www.trinasolar.com>.
