

# Mosel Vitelic Wafer Contract With Nexolon

By Stanley Li

Published 14th July 2008

Taiwanese solar cell manufacturer Mosel Vitelic announced that they have signed another long-term wafer purchasing contract with Korean wafer manufacturer Nexolon. Mosel will source solar wafers worth around €230 million from Nexolon. The delivery

will start from August 2008 to 2013. It is the second contract signed between the two since February this year.

Mosel Vitelic's announced wafer contracts are now as follows:

Company	Region	Value/Size	Term of Contract
Nexolon Co., Ltd.	Korea	€426 million	2008-2013
LDK Solar Co., Ltd.	China	€237 million	2008-2012

Nexolon's announced wafer sales contracts are now as follows:

Company	Region	Value/Size	Term of Contract
Solarworld Korea	Korea	420 MWp	2009-2015
Gintech	Taiwan	415 MWp	2008-2014
Mosel Vitelic, Inc.	Taiwan	€426 million	2008-2013
Shinsung ENG	Korea		2008-2014
