

LDK Solar signs long-term Trichlorosilane supply contract

Wednesday, 16 January 2008

LDK Solar has signed a long-term with Jiangxi Ganzhong Chlorine & Caustic Company Ltd. (Ganzhong) for the supply of Trichlorosilane (TCS) used in the production of polysilicon. The agreement means that LDK Solar will have a minimum 400 tons of monthly supply of TCS an expected minimum monthly supply of 1,600 tons per month beginning in August of 2008.

"We are pleased to enter into an agreement with Ganzhong to secure this key manufacturing material for our first polysilicon facility," stated Xiaofeng Peng, Chairman and CEO.

"Ganzhong's close proximity to our polysilicon plant will enhance efficiencies. Through this contract with Ganzhong, we have secured 100 percent of our TCS requirements for planned polysilicon production in our first facility."
